2019 OVERSEAS ELECTION CONCLUDED IN JORDAN

14 May 2019 – The Philippine Embassy in Jordan concluded the 2019 Midterm elections in Jordan with close to 1,500 ballots cast out of more than 7,900 registered Filipino voters in the Kingdom.

The official results will be made available at the Embassy as soon as the canvassing is completed.

There are more than 40,000 Overseas Filipinos in Jordan and the almost 20% voter turn-out is commendable considering the historical election turn-out performance during midterm elections in the Philippines.

The Embassy will aspire to register more voters between this year until early 2022 in time for the National Presidential elections. END
